Introduction

I'm Luke Hobbs, a wedding photographer based on the Gold Coast.

I have over 10 years of experience capturing special moments in time for couples who are celebrating one of the most important days of their lives.

With my expertise and an eye for detail, I strive to deliver beautiful images that stand out from other photographers. Using only top-of-the-range Canon equipment to ensure flawless images each and every time.

Whether it be a classic church ceremony or a beachside elopement, I am passionate about making the special day unforgettable.

I look forward to discussing your upcoming wedding!

what to expect for your wedding

Your photographer is with you throughout your entire day, make sure you choose someone you feel comfortable with.

Your wedding is arguably one of the most important days of your life. As a photographer, I am here to add to that experience, not change it.

The starting point is our initial meeting. I go over everything with you, from locations, time lines, pricing & any special requests you may have on your day. Ideally, I would love to meet you both in person, but I do understand this sometimes is not possible - in this case, I arrange a video meeting.

Once you have chosen me as your photographer, I request a \$500 non refundable deposit to lock your date in.

Now the fun begins!

As you will see on the following pages, I don't do time based packages. I strongly believe that your wedding day should be captured from the beginning to the end. I will be there from the make up & hair is being done, all the way to the first dance and the cake cutting.

The day after your wedding, you will receive one preview photo for you to use on your socials (*because if it isn't on social media, did it even happen?*).

After this, I will begin editing your photos, ready to be delivered in a matter of weeks (not months!)

You will receive a hand crafted USB display box of all your photos and wedding album if you've selected that option.
